MEMORANDUM

DATE : August 4, 1995

TO : Appointing Officers
Personnel Officers

DOCUMENTS DEPT.

SAN FRANCISCO

FROM : Geoffrey L. Rothman, Director
Employee Relations Division

SUBJECT : EMPLOYEE RELATIONS INFORMATION INDEX BY CLASSIFICATION

Attached for your information is an updated classification index which provides employee relations information. This report indicates the bargaining unit assignment and the Recognized Employee Organization, if any, for all classifications except for uniformed members of the Police and Fire Departments and for bargaining units relating to the San Francisco Unified School and Community College Districts. This index is being provided to each department to assist in the administration of provisions of Memoranda of Understanding (MOU) and for other labor relations purposes.

This index includes an informational column entitled "Bargaining unit Status." A legend for translating the codes in the bargaining unit status column appears on page one. The information on bargaining unit status is included as there are still unresolved representation issues resulting from the large volume of unit assignments made after the passage of Proposition B (November 1991 Ballot). In addition, there continue to be changes affecting representation status resulting from new unit assignments or recognition elections. Departmental staff are advised to confirm representation status before taking action which may be affected by a change in representation.

This Index may be photocopied if additional copies are required. If there are questions about this Index, please contact Ms. Janet Rogers, Employee Relations Division, at 557-4915.
